

TIKKURILA PROFESSIONAL VALTTI COLOR ON EXISTING CAR PARK FENCE, SHED, LOG CABIN, PAVILLION

Remove dirt and all loose and flaking material, clean entire fence on car park side with Tikkurila Professional Mould Removal solution working from the bottom up to avoid streaks. Allow at least ½ hour for the solution to act and wash down thoroughly with water. REFER TO THE DATA SHEET FOR SAFETY INFORMATION ON THIS PRODUCT.

Clean Shed with Tikkurila Professional Cleaning Agent using sponge or cloth and wash down thoroughly with water. REFER TO THE DATA SHEET FOR SAFETY INFORMATION ON THIS PRODUCT.

Sand all surfaces thoroughly with 120grit and paper until surfaces are flat and ready for re-painting.

Apply 1 coat Valtti Base priming oil along the direction of the grain ensuring that particular attention is given to the end grains, this will ensure maximum resistance against moisture and microbial growth.

Apply 2 coats Tikkurila Professional Valtti Color using a good quality brush or low pressure spray in the direction of the grain. Allow 24 hours in between coats. DO NOT THIN.
